

# Discovery Fire Live Fire

## Food Festivals and Event

### Allergen & Cross-Contact Disclosure

Discovery Fire (“DF”) may, upon request, prepare select menu items without certain ingredients (including gluten/wheat, dairy, peanuts, tree nuts, soy, and other common allergens). DF is not an allergen-free facility. Our kitchen and service environment routinely handle and store ingredients that contain gluten/wheat, soy, peanuts, tree nuts, dairy, eggs, sesame, fish, shellfish, and other allergens.

Despite careful handling practices, cross-contact may occur at any point during receiving, storage, preparation, cooking, packaging, transport, plating, or service. Therefore, DF cannot guarantee that any food or beverage is completely free of allergens.

**Important Safety Notice:** Individuals with celiac disease, anaphylaxis, or severe allergies/sensitivities should not consume DF foods or beverages, even if an item is prepared without gluten, dairy, nuts, or other allergens.

### Client Acknowledgment & Assumption of Risk

By accepting this disclosure and warning statement, Guest acknowledges this disclosure, agrees to communicate this warning those in their direct party (guest attending through your purchase), and accepts responsibility for guest food-allergy decisions. Guests and those in guests control assume all risk associated with consuming DF products.
